Congratulations on taking one of the most meaningful steps in your wedding planning – deciding to book a wedding videographer.

I can promise you, this is a decision that will only grow in value as the years go by. Beyond your love for each other, a wedding film is something that will continue to bring you joy and nostalgia, helping you relive one of the happiest days of your life, over and over again.

As time passes, memories fade. But with a wedding film, you get to experience those precious moments – the intimate glances, the smiles, the tears – in a way that words can't fully express. You'll remember exactly why you chose each other and how it felt to make that lifelong commitment.

You might be thinking, "But my friends and family are filming on their phones, that will be enough." While we love those spontaneous moments, there's a big difference between a fun, handheld video and a professionally shot and edited, cinematic film that tells the unique story of your wedding day.

If you're going to capture one day in your life and turn it into a mini movie, let it be your wedding day – a day full of love, laughter, and unforgettable memories. A wedding film isn't just footage; it's a timeless keepsake that will take you back to those moments, making you feel the joy all over again, no matter how many years pass.

This is more than just a video; it's your story, told in the most beautiful way possible. Let's create something unforgettable together.

xoxo

Sirle

M E E T S I R L E

Hello, I'm Sirle – a passionate advocate for love and a wedding videographer who feels deeply honored to capture authentic love stories.

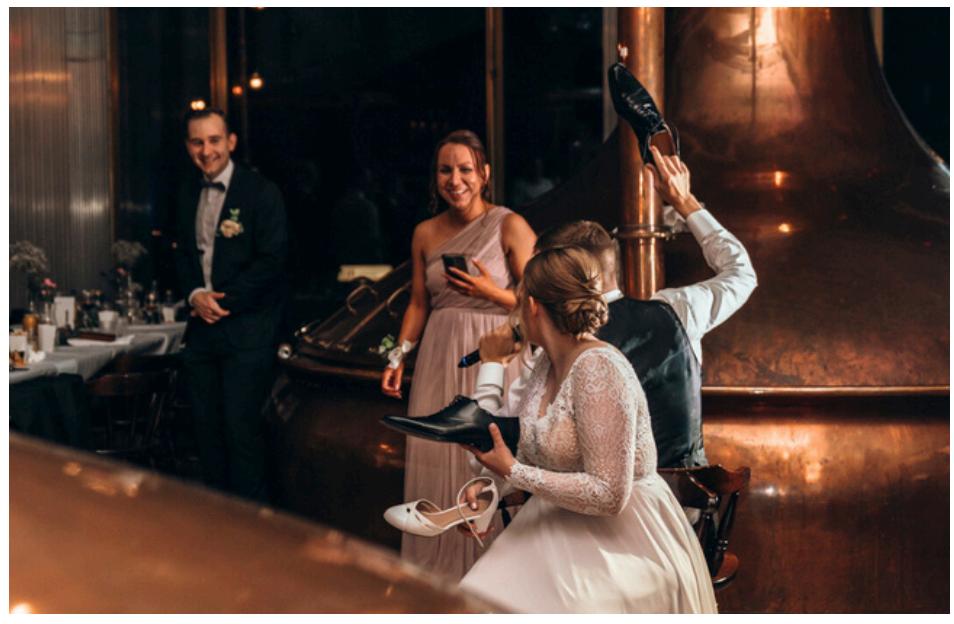

For me, love is the most beautiful part of life, whether shared with a partner, friend, family, or nature. Witnessing two people so deeply in love is truly magical, and it's my greatest honor to capture those moments in a film that will last a lifetime.

What excites me most is creating story-driven cinematic films that are not only beautiful but uniquely yours. Every couple's love story is different, and I love getting to know you personally. No two weddings are alike, and that's what makes it so exciting – each one is a fresh canvas, a new story to be told.

As a female videographer in a traditionally male-dominated field, my sensitivity, intuition, and attention to detail give me a unique advantage. Your comfort is my top priority. I'm here not just as a videographer but as a trusted presence, making sure you feel at ease throughout your day, especially during those intimate moments before the wedding.

Women, I believe, excel in this role because we are naturally more in tune with the emotional depth of love and the little moments that make a wedding so special. It's what makes me uniquely qualified to capture your story in a way that's heartfelt, true, and fun.

It's not just about making a beautiful video; it's about capturing the essence of your story and the people celebrating with you. I'd be honored to create a film that will transport you back to your magical day, reminding you of the promises you made and the life you'll build together. I can't wait to hear your story and create something beautiful, just for you.

YOU HAVE QUESTIONS

Q: Why do you give approximate film times?

A: Every wedding is unique, just like every couple. The story of your day deserves to be told in the most engaging and meaningful way possible. For this reason, I provide approximate film durations rather than exact ones. It's always better to have a shorter, beautifully crafted story than a longer, less engaging one. A compelling story can be told in any length of time—it's about quality, not quantity.

Q: What is a trailer?

A: Much like a movie trailer, this is a highlight reel of your wedding day, designed to capture its essence in a short and captivating format. It's perfect for sharing on social platforms and giving friends and family a glimpse into your special day.

Q: What are speeches?

A: As I record the speeches in their entirety, I offer them as a complimentary gift. With so much happening on your wedding day, it's easy to miss or forget certain moments. Having the speeches recorded and edited together allows you to relive those heartfelt messages from your loved ones whenever you like.

Q: What are ceremony highlights?

A: The ceremony highlights showcase the best moments of your wedding ceremony. This varies in length, as every ceremony is different—some are longer, while others are shorter. The video begins with a brief montage leading up to the ceremony, followed by its most significant and touching moments.

Q: Can you use our favorite songs in the video?

A: Unless you own the copyright to a song, I can't legally include it in your wedding film. However, I always aim to match the music to your preferences and the mood of your day. Let me know the kind of music you love or dislike, and I'll do my best to find a licensed track that complements your story beautifully.

MANY QUESTIONS

Q: Can we speak with you before we book you?

A: Absolutely! We can organise free no commitment zoom where you can ask all the questions you have face to face. I understand that having the right videographer is so important, not only because of the film but also they will be with you the whole day so you want to make sure the videographer is “your kind of person”. I want you to love your film and the whole process in general

Q: What is this consultation that's in your package ?

A: This is either in person or zoom consultation where we get to know each other a bit better. Prior to consultation I have sent you a wedding questionnaire where I ask some questions about you and your day so that I have a better idea of you as a couple, how you communicate your love to each other, what kind of film are you hoping for etc so I can better direct you on the day and make everything as smooth and fun as possible on the day. During this consultation we will also go through your day in detail and make sure everything is in order for the main event.

Q: How many videographers will be there at our wedding?

A: All of my wedding collections come with a single videographer, but you are more than welcome to add a second shooter for an additional cost. This is recommended if you want more angles, have a big wedding where there are lots of things happening and you would like more coverage.

Q: Can I have more than 10h coverage or a different package that isn't offered on your collection?

A: Absolutely! If you didn't see a package that covered your needs, no problem. Get in touch and I'll design something that will fit you perfectly. There are different packages for destination weddings where you have a 2 or 3 day wedding event planned. Get in touch and let's have a chat and plan your ideal coverage together!

I HAVE ANSWERS

Q: When and How will I receive my film?

A: You will receive your films 12 weeks after your wedding in a beautiful online gallery from where you can download them using a download pin. You are also welcome to share your gallery with family and friends. Download pin gives you the full control of whom can download your films.

If you would like your film on a memory stick in a beautiful hand made presentation box that can be arranged too at extra cost

Q: Can you do both Cinematic Film and photography for our wedding?

A: Unfortunately no. I want to give my full attention and detail to either Videography or Photography to guarantee you will receive a product you love. So you would have to decide which one you would prefer me to do. I can recommend another Photographer or Videographer to work with me if you like?

Q: What area do you cover?

A: I mainly shoot around Helsinki, Espoo, Vantaa, Tampere & Turku but I am willing to travel and would actually love to shoot a wedding in Lapland!

Q: Do you film destination weddings?

A: Yes! I shoot destination weddings and I absolutely love them and I am more than happy to create a custom wedding collection to suit your travel needs.

Q: How do we reserve our wedding date?

A: You want to book me? Excellent! Just send me an email, text or give me a call and I will send you over a contract. Deposit of 350€ & signed contract is required in order to get your wedding on the calendar. The remainder of your balance is due one month prior to your wedding or 2 months prior if it's a destination wedding.

"WOW WHERE TO START? SIRLE WAS OUTSTANDING FROM START TO FINISH. THE ZOOM CALL SET THE TONE AND I KNEW WE HAD CHOSEN A WONDERFUL PERSON JUST FROM TALKING TO HER. SHE TOOK THE TIME TO PLAN AND TALK THROUGH THE DAY AND DISCUSS WHAT WE WANTED FROM THE VIDEO. THE MOMENT I MET HER ON MY WEDDING DAY I INSTANTLY FELT LIKE I HAD KNOWN HER BEFORE AND THAT SHE WAS A FRIEND. SHE MADE US FEEL AT EASE AND THROUGHOUT THE DAY. WE DIDN'T EVEN NOTICE HER FILMING. THE VIDEOS ARE PERFECT. ALL VIDEOS HAVE BEEN EDITED WITH SUCH CARE AND THOUGHTFULNESS WE JUST LOVE THE LITTLE DETAILS AND HOW THEY HAVE BEEN MATCHED TO SPEECHES MAKING WATCHING THEM SO SPECIAL. WE CANNOT THANK SIRLE ENOUGH FOR HER AMAZING VIDEOGRAPHY SUCH SPECIAL MOMENTS AND MEMORIES CAPTURED THAT WE WILL CHERISH FOREVER.
